## Mother's Day Drinks Bring Smiles

BLOG | MAY 6, 2020 - 9:23PM | BY DEBORAH GROSSMAN

Every Mother has their special attributes. Unlike picking their favorite child, they will usually tell you straight up what drinks they prefer. With the current shelter in place, all options are on the table for enjoying beverages including some fun ones.

### ***One last note on Mother's Day during the pandemic***

There have been many creative and thoughtful Mother's Day stories in the wine press during the last weeks. The actions of one Sonoma winery caught my eye. Though only available locally, the offer speaks to the heart of the winery owners. **Sangiacomo Family Wines** collaborated with a local bakery and flower shop to present a package of treats for pick up at the winery. A special Mother's Day pairing during quarantine times.
